

Edinburgh Drug and Alcohol Recovery Hub Drop-ins

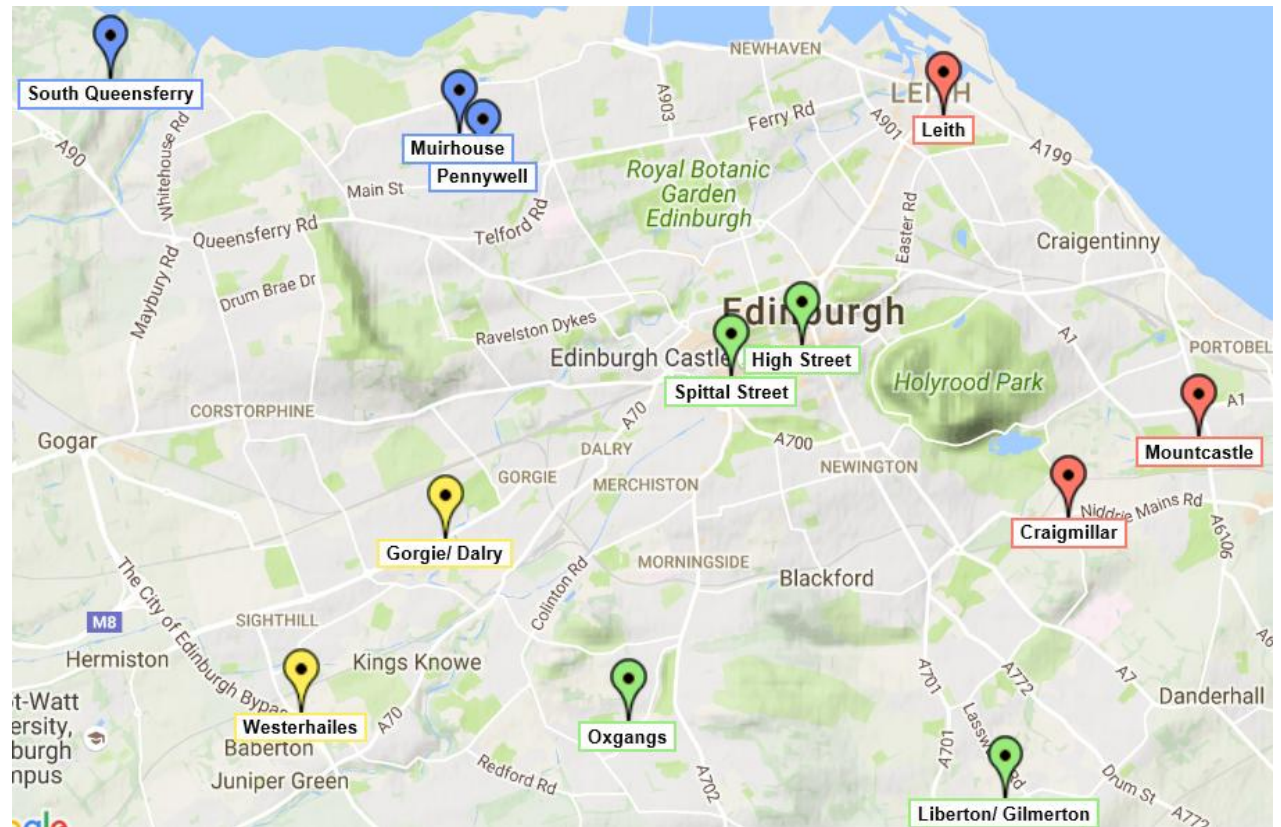

The Recovery Hubs are one – stop shops which offer a full range of drug and alcohol treatment and support services. Each is run by a team made up of staff from voluntary sector, NHS and social work seeing people from a different area of the city.

The easiest way for most people to start to get support from their local Recovery Hub team is to come to a drop-in sessions. At the Drop-in, the worker will listen, give advice and options, agree a plan and organise the first step of the plan.

All Drop-ins operate a “no wrong door” approach so people can come to any of them regardless of where they live in the city.

People who cannot come to a Drop-in for any reason, or who want more information should contact the hub by phone (see numbers overleaf).

Hub services are confidential and the teams will only share information where they are very concerned that a vulnerable person is being harmed. They offer a choice of male or female workers wherever possible.
