

# Where to get Injecting Equipment (Needle Exchange) and Advice in Edinburgh

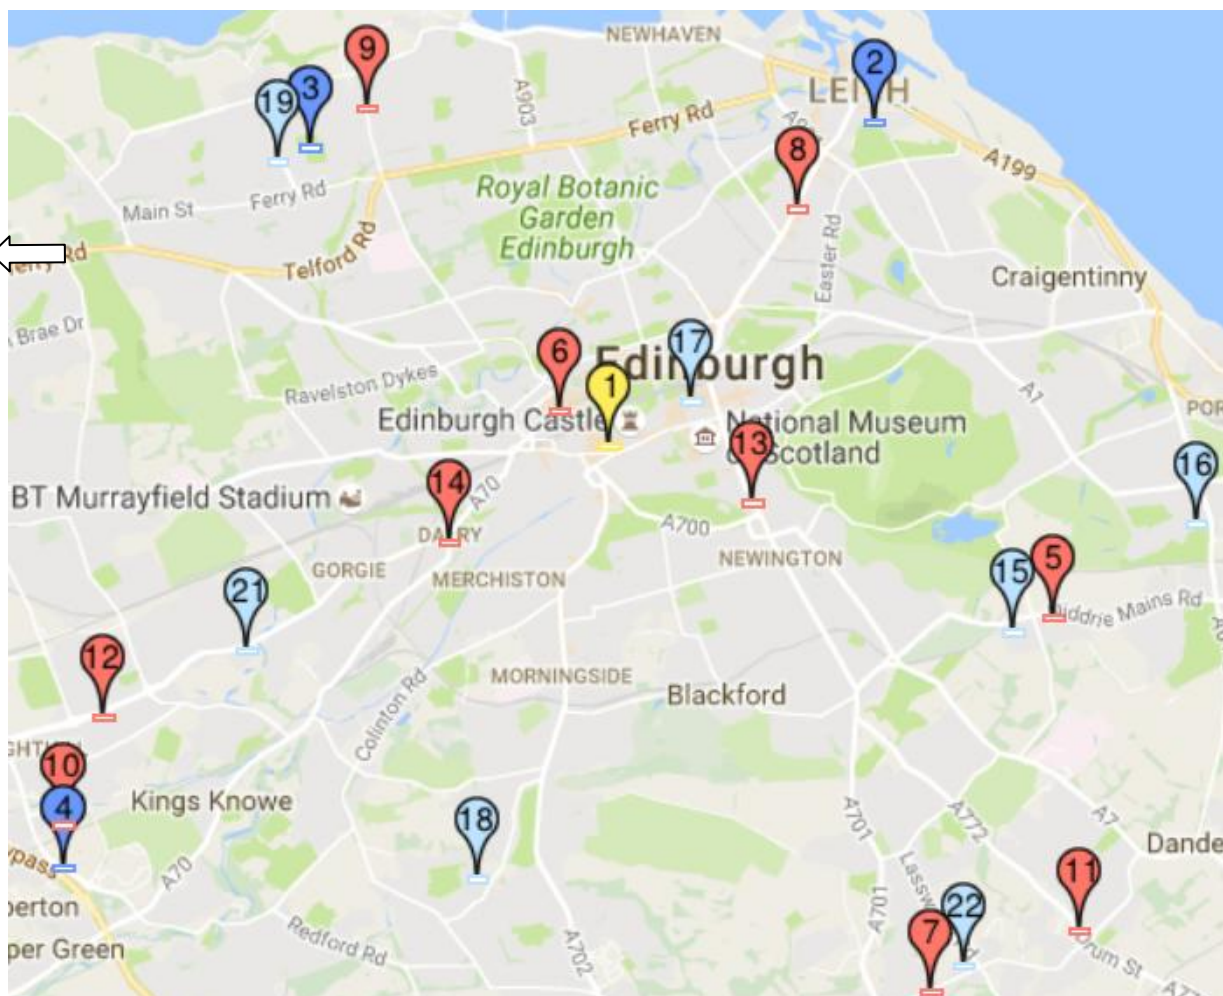

Injecting equipment and advice services do not judge you for your drug use or try to make you stop if you don't want to: we aim to help you to make your drug use as safe as possible.

We offer a **confidential service**. We don't take a lot of info about people and NO information is ever given to anyone unless we are very worried about someone's safety. If you want to know more about confidentiality, drugs or injecting, call us on 0131 537 8300.

Our aim is that **anyone** who injects **any drug** can use NEW WORKS EVERY TIME. Equipment available is: 🚰🚰 Needles, syringes, barrels, bins and safe disposal of used works 🚰🚰 Citric acid/ Vit C 🚰🚰 Swabs 🚰🚰 Leaflets on injecting & drugs. 🚰🚰 Spoons and Filters 🚰🚰 Sterile Water 🚰🚰 Foil

We also think it is important that injectors can get:

- Good advice about injecting, drug use and safety
- Take Home Naloxone: Naloxone is a drug which can temporarily reverse the effects of opioid (heroin/methadone) overdose. It can be a life saver.
- Testing for blood borne viruses
- Free condoms and lube through 
- Access to addiction treatment if you want it

South Queensferry

Key (see over for details): 🟡 Spittal Street Centre 🟦 Recovery hub (with Equipment) 🟥 Pharmacy 🟩 Recovery hub drop in (without Equipment)
